c. [REDACTED] discussed the remarks of Col. White concerning super grades at the last DDA meeting. Col. White reiterated that the General apparently was going to stand pat on his limitation on the number of super grades to be approved for the Agency. However, Col. White felt that if any of his people could justify a super grade for any position within their office, they should make it a point of formally submitting this to the Personnel Office so that it would be acted upon by the Super Grade Committee.

I believe the same policy should be followed in the OTR particularly with respect to the position of Director of Training. The reclassification of this position to GS-18 should be discussed with Col. Baird upon his return.

d. [REDACTED] discussed the proposed CIA Regulation prepared by TR(G) concerning the appointments, responsibilities, and duties of the Training Liaison Officers. The purpose of this regulation is to establish uniformity of procedure and to strengthen the calibre of persons assigned as TLOs. [REDACTED] did not go along with the proposed procedure inasmuch as the duties and responsibilities set forth for the TLOs were in conflict with the functions now being performed by the Training Officers on the covert side. This regulation was to be discussed further between [REDACTED].
